

Thank you

FOR CONTRIBUTING TO THE RENEWABLE REVOLUTION

Every **100,000** PlantBottle® cups sold by your zoo could help save the equivalent of*

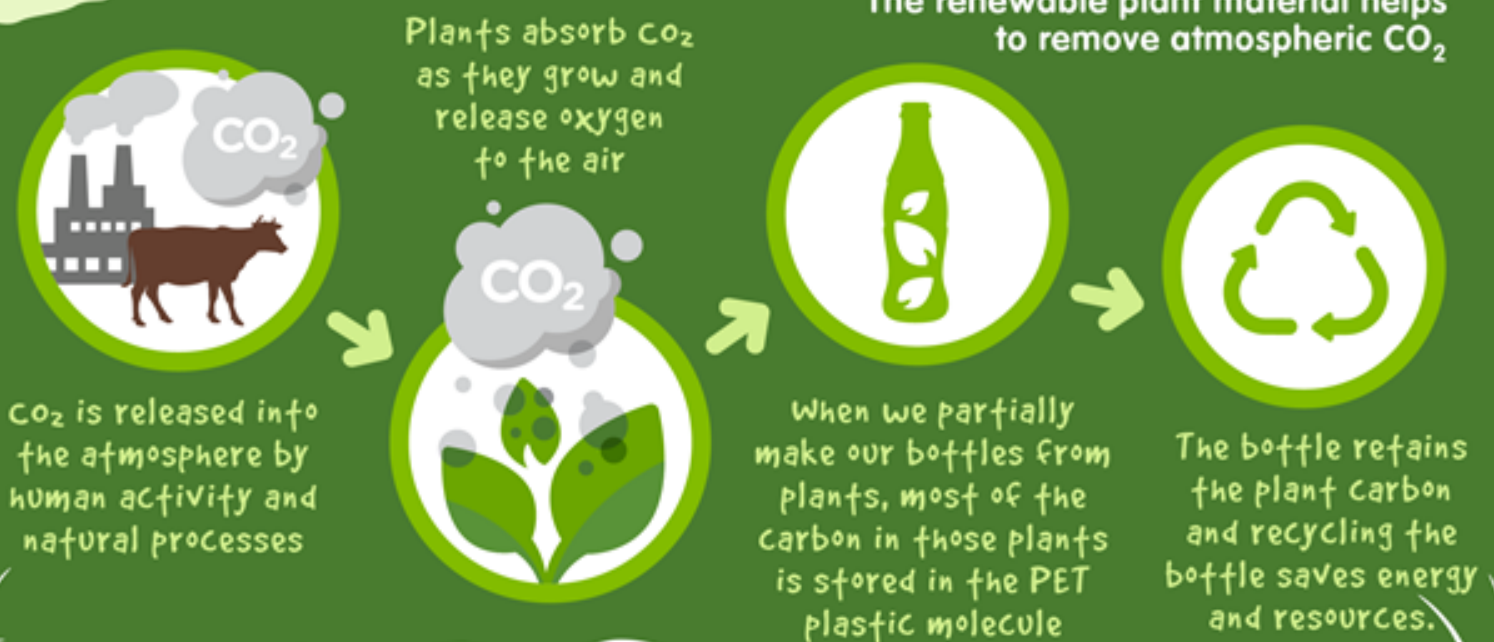

WHAT IT IS

PlantBottle® packaging is recyclable PET plastic that's partly sourced from plants

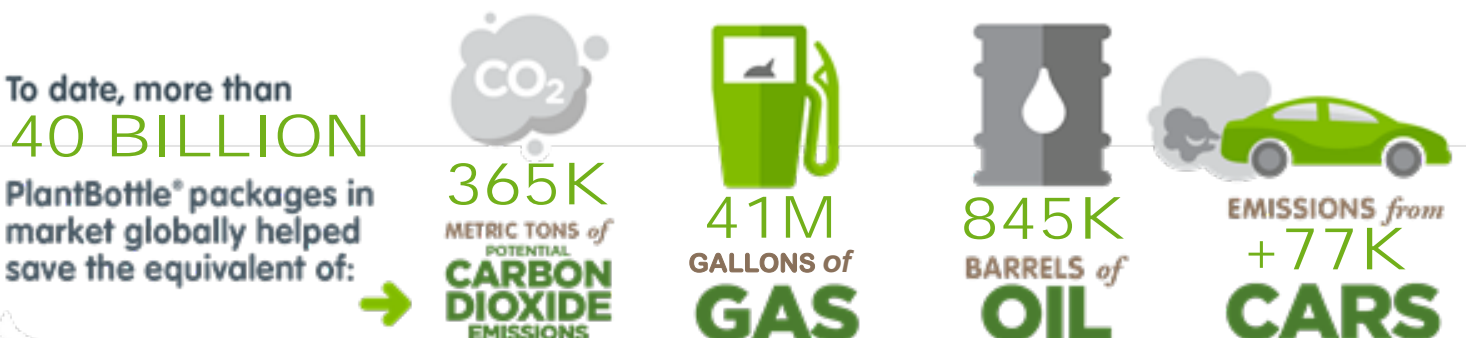

HOW IT WORKS

The renewable plant material helps to remove atmospheric CO₂

WHAT IT DOES

Renewable natural resources reduce our reliance on fossil fuels

Less dependency on oil for a lighter footprint on the planet...

I'll drink to that!

*Compared to traditional oil-based PET plastic bottles
