Keep art large, simple and bold. Small type and graphics will not emboss well.

White areas are raised surfaces.

Black areas are flat surfaces.

Keep our background dot pattern to help the embossment show up better.

Include a thin black stroke (1 or 2 points) around the white areas to define the edges of the raised surfaces.

Whirley-DrinkWorks complies to the regulatory requirement that all products designed or intended for children 12 years of age or younger have a Children's Product Safety Code. We do that by including the CPSC code in the artwork. This code allows us to track the location & date of production.
