The Sustainable Choice

Why Choose Reusable?

- Made locally in Warren, PA at our zero-waste factory with a 98% waste diversion rate
- In stock and ready to ship with a low, 50-piece MOQ
- Available in flat or sectioned bottoms — choose what's best for your menu
- Eliminates the need for disposables and multiple types of dishware
- Fully recyclable #5 Polypropylene keeps waste out of landfills at end-of-life
- Seals in freshness and holds in temperature better than disposables

NSF-Certified

Transparent so food is visible to customers

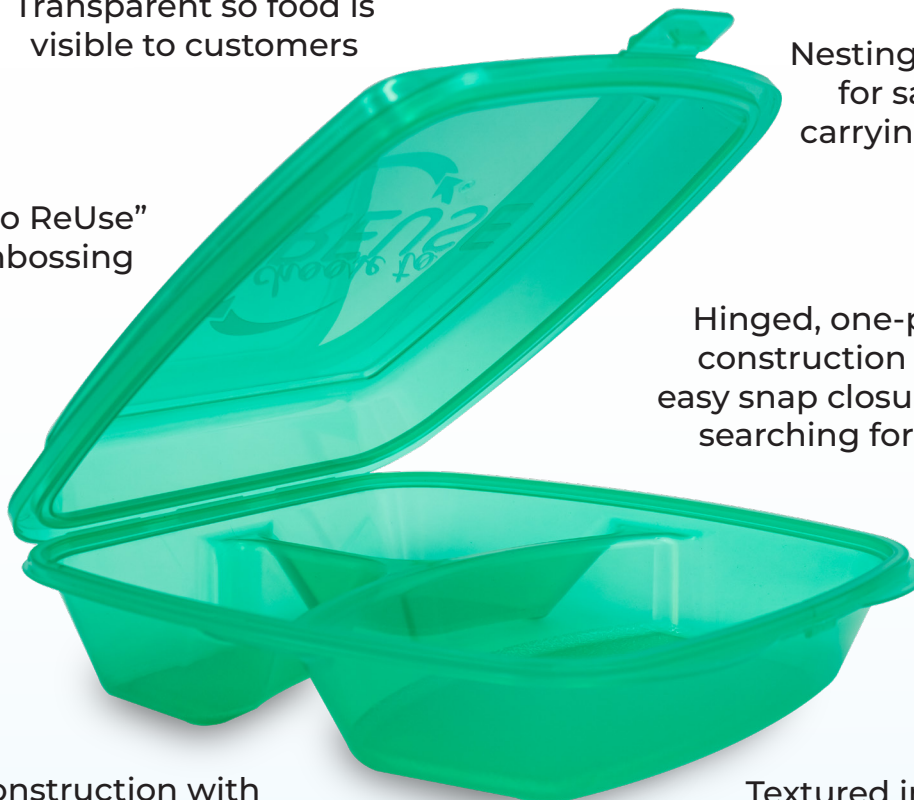

Nesting grooves allow for safe, stacked carrying and storage

“Choose to ReUse” stock embossing

Hinged, one-piece construction with easy snap closure—no searching for lids!

Sturdy construction with reinforced sides to prevent spills and crushing

Textured interior bottom to protect from cuts and scratches from utensils

Success Stories

University of North Carolina

UNC Chapel Hill's "Make a Difference" program offers reusable options for dining with a clamshell containers that can be used, returned, and washed for the next use. A \$3 deposit encourages students to return meal containers after use.

University of Reading

As a part of their "Clever Cuisine" campus dining program, University of Reading uses a refillable food program with reusable clamshells to take the waste out of take-out.

ReCover: Be **Re**Sponsible and **Re**Member to **Re**Use

Remind students to reuse with this carabiner!
